SUMMARY

.NET and full-stack web developer with 3+ years of experience building internal business applications for corporate clients. Promoted to Mid-Level IT Consultant in March 2026. I replace paper and Excel processes with web applications, mainly approval workflows and document handling. I build with AI coding agents (Claude Code): I write the specs and review every change.

EXPERIENCE

Mid-Level IT Consultant, PT Global Dinamika Informatika
Dec 2023 - Present (promoted from Junior in Mar 2026)

- Joined a two-person team building an online document approval application. Now lead developer and sole owner.
- Built a multi-level approval flow with delegation (when an approver is away) and automatic reminders, replacing documents that staff passed around by hand.
- Developed a company permit tracking application with a three-person team over 12 months, including automatic renewal reminders and faster-loading data pages.
- Stack: ASP.NET, .NET Core, Vue 3, Kendo UI, SQL Server, AWS S3.

Full-Stack Developer (Intern), PT Lapi Divusi
Jul 2022 - Sep 2022

- Built an employee data management application for an educational institution in Bandung.
- Turned interface designs into role-based dashboards with reports and charts.
- Stack: Laravel, Bootstrap, PostgreSQL.

EDUCATION

- **Bachelor's Degree (S1), Informatics Engineering**, Universitas Jenderal Achmad Yani, 2025 - 2026 (graduated)
- **Associate Degree (D3), Informatics Engineering**, Politeknik Negeri Bandung, 2020 - 2023

SKILLS

- **Frontend:** Vue.js, Nuxt, React, TypeScript, Bootstrap, Tailwind CSS
- **Backend:** ASP.NET, .NET Core, Laravel
- **Data and Infrastructure:** SQL Server, PostgreSQL, Supabase, AWS S3
- **Other:** AI-assisted development (Claude Code, AI coding agents), approval and workflow design
